Use these 27 alternatives to i think
in your advanced english
communication we ask people's
opinions and thoughts all the time
and people ask us what we think
quite often wouldn't you say but
prefacing each of your opinions
with i think can get tiresome for
you and the listener rather quickly
so instead of using i think you now
have 27 alternatives to choose from
so i'll be sharing an example
sentence and for practice i
encourage you to come up with
your own phrases as well for that
extra challenge if you're ready let's
get right to it [Music] all right so i
